Ongoing Plans

- (i) In Uganda, in the process of setting up an ICD Facility on 10 Acres with Warehouses and Containers stored in the same facility. This is located in the Government/World Bank facilitated Kampala Industrial and Business Park.
- (ii) The construction of ICD facility, of total Project on completion of USD 5.500.000 is already under way, and USD 415.000 is already injected on a 3 Floor office building, wall fence around the land and grading .
- (iii) In Dar es salaam, we have already acquired 9.5 Acres of land, at Vikindu – 19km from the Port. We intend to set up a similar facility as in (i) hence increasing our capacity to handle more business volume. The Tanzania Investment Authority has already licenced the Project, and construction has already begun.
